A trial and appellate lawyer who primarily concentrates his practice on insurance-coverage litigation and cyber risks, Kevin has extensive experience litigating directors and officers (D&O), errors and omissions (E&O), and property and casualty (P&C) coverage under both primary and excess policies. He has served as both lead settlement and trial counsel in highly sensitive business and coverage disputes. He also advises clients on insurance-policy drafting and underwriting issues.

As co-chair of the Data Security & Technology Practice Area, Kevin represents businesses facing first- and third-party losses due to data breaches, service interruptions, theft, and other cyber threats.
