Biography

Amanda concentrates her practice on representing health care providers in a variety of matters, including litigation under the False Claims Act, Anti-Kickback Statute, related state statutes, and Article 78 proceedings; regulatory and transactional issues; not-for-profit formations and dissolutions; and applications for NYS Department of Health licensure.

Amanda's clients include, among others, adult care and assisted living facilities, nursing homes, licensed home care services agencies, OPWDD providers, pharmacies, and substance use disorder and mental health treatment providers.

Amanda also has experience supporting litigation related to employment and medical malpractice; advising on and participating in the development of policies and educational materials based on changes to state and federal health care litigation, regulations, and legislative developments; conducting research pertaining to the Affordable Care Act, the Americans With Disabilities Act, and the Medicare Shared Savings Program; and conducting demographic health care surveys.
